INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Bridge Builders Community Foundations Oil City, Pennsylvania

We have audited the accompanying financial statements of Bridge Builders Community Foundations (a nonprofit organization), which comprise the statements of assets, liabilities, and net assets—modified cash basis as of August 31, 2017 and 2016, and the related statements of support, revenues, expenses and changes in net assets—modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note A; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net assets of Bridge Builders Community Foundations as of August 31, 2017 and 2016, and its support, revenue, and expenses for the years then ended in accordance with the modified cash basis of accounting as described in Note A.

Basis of Accounting

We draw attention to Note A of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules on pages 23 to 30 are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Business Activity

Bridge Builders Community Foundations (the Foundation) was established in 1975 as a non-profit agency designed to serve Clarion, Forest, and Venango Counties and the Punxsutawney area. The Foundation administers over 160 endowments, scholarships, memorials, and community funds. The main purpose of the Foundation is to develop, manage, and distribute funding to meet the present and future needs of the communities it serves.

Individuals, families, businesses, and organizations build permanent funds to help our communities meet the challenges of changing times. The Foundation invests these funds using the earnings to fund grants to support educational, health, humanitarian, and cultural needs of the people and organizations in the local areas described above.

Basis of Accounting

The Foundation prepares its financial statements on the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United State of America. Under the modified cash basis of accounting financial transactions are recorded when the actual cash transactions occur regardless of when revenue is earned or expense obligations are incurred, except for withholdings and payroll taxes that are expensed in the period incurred rather than when paid. The Foundation records investments at Fair Market Value, instead of at cost, which is an exception to the modified cash basis of accounting.

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board ("FASB"). Under those principles, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Accordingly, the net assets of the Foundation and change therein are classified and reported as follows:

<u>Unrestricted Net Assets</u> – Net assets over which the Foundation's trustees have full discretion in making distributions for charitable purposes to meet community needs and operational needs. Unrestricted net assets may also include certain amounts designated by the trustees for grants, contingencies, and other purposes.

<u>Temporarily Restricted Net Assets</u> – Net assets subject to restrictions which will expire by the passage of time or when the specified purpose is met.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

<u>Permanently Restricted Net Assets</u> – Net assets that are restricted in perpetuity by the donor. The Foundation maintains these types of funds and charges a minimal fee which is released from restriction when paid. The investment accounts are also charged a fee by the investment broker, which is released as well.

The Foundation offers a variety of flexible fund types in order to meet the donor's charitable objectives. The net asset classification of each fund is determined by the Foundation based on the donor's intent and the fund agreement established between the Foundation and the donor. As a restriction expires, the funds will be reclassified as unrestricted net assets. The types of funds offered to donors are as follows:

Restricted Funds – These funds offer the broadest range of giving options by allowing grants to be made to meet the greatest needs of the community.

Administrative Funds – These funds provide support for the operation of the Foundation and offer donors the maximum opportunity to respond to changing community needs.

Donor Advised Funds – These funds allow donors to remain actively involved in charitable grant making, recommending awards from these funds, and working closely with the Foundation.

Field of Interest Funds – These funds generate grants to meet needs in particular areas of board donor interest (e.g. youth, recreation, health, etc.).

Donor-Designated Funds – These funds are target gifts to particular charitable organizations, institutions or causes.

Agency Endowment Funds – These funds benefit a specific nonprofit in perpetuity, creating additional resources for operations or support for capital or extraordinary needs.

Scholarship Funds – These provide educational support to deserving students. Funds can be specific (naming particular school or selection criteria) or very broad (open to all students in the region).

Cash and Cash Equivalents

The Foundation maintains cash balances at one financial institution located in Venango County, Pennsylvania. Accounts at this institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Deposits exceeded the FDIC limit by \$152,602 and \$65,466 at August 31, 2017 and 2016, respectively. No loss resulted from exceeding the FDIC limit.

Restricted Investments

Restricted investments consist of money market funds associated with the different investment accounts held by the Foundation that have been restricted by the donors. These funds are not FDIC insured.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor and the fund agreement. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. When a temporary restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of support, revenues, expenses and changes in net assets – modified cash basis as net assets released from restrictions. Contributions with restrictions satisfied prior to the end of the reporting period are reported as unrestricted support.

Donated securities are recorded at fair market value as of the date of donation. Contributions received from a not-for-profit organization for the purpose of establishing an endowment for the benefit of that organization are not considered contributions for financial statement purposes. Such amounts are reflected in the financial statements as a liability. (See Note C)

Donated Goods and Services

The Foundation records the value of donated goods when there is an objective basis available to measure their value. Donated materials and equipment are reflected as contributions in the accompanying statements at their estimated values at date of receipt. However, no amounts have been reflected in the statements for donated services as they do not meet the criteria as determined by the revenue recognition – contributed services topic of the FASB Accounting Standards Codification ("ASC"). Nonetheless, a substantial number of volunteers donate significant amounts of their time in the Foundation's program services.

Advertising Costs

The Foundation follows the policy of charging the cost of advertising to expense as incurred. Advertising expenses for the years ended August 31, 2017 and 2016 were \$5,122 and \$6,439, respectively.

Income Tax Status

The Foundation qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and has no provision for federal or state income taxes. Accordingly, income tax expense is limited to activities that are deemed by the Internal Revenue Service to be unrelated to their exempt purpose.

Interest and penalties related to income tax reporting are recognized when incurred and are included on the statement of support, revenues, expenses and changes in net assets – modified cash basis. Management has determined the Foundation had no activities subject to unrelated business income tax (UBIT) during the year ended August 31, 2017. The Foundation has not been subject to any income tax penalties or interest for all open tax years. The open tax periods for the Foundation are the years ended August 31, 2014, 2015, 2016 and 2017.

Use of Estimates

The preparation of financial statements in conformity with modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Foundation invests or holds a variety of investment vehicles, including common stock, corporate and government obligations, and mutual funds. These investments are exposed to interest rate, market, credit and other risks depending upon the nature of the investment. Accordingly, it is reasonably possible that these factors will result in changes in the value of the Foundation's investments, which could materially affect amounts reported in the financial statements.

Fair Value of Financial Instruments

Cash and cash equivalents approximate fair value due to the short-term maturities of those instruments.

Subsequent Events

In preparing these financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through February 21, 2018, the date the financial statements were available to be issued.

NOTE B - INVESTMENTS

Investments are stated at fair market value with the resulting realized and unrealized gains and losses included in the statement of support, revenue and expenses – modified cash basis. As of August 31, 2017 and 2016, the Foundation's investments consisted primarily of mutual funds, money market funds and common stock. Market value is determined by the quoted market price at the date of the statement of assets, liabilities, and net assets – modified cash basis.

Investment Policies

The investment objective of the funds is to maximize total return by investing in diversified portfolios of stock and bond investments. As the primary goal of these funds is to be used at the discretion of the Bridge Builders Community Foundations, or that of the donor in some cases, to provide perpetual funding for Venango County's charitable, religious, scientific, literary and educational needs, the Foundation realizes that principal growth is a primary goal. However, given donor trust and generosity, prudent standards are to be followed to minimize long-term risks and fluctuations in principal, and to produce a reasonable and prudent return of income.

Investments

Most of the funds of the Foundation are held in accounts maintained at BNY Mellon, NA, Northwest Savings Bank Investment & Trust Services, PNC Bank, and Raymond James.

1. BNY Mellon, NA:

The William H. Locke Memorial Scholarship Fund and the Chester A. and Beulah A. Baum Memorial Scholarship Fund are held in separate trust accounts with BNY Mellon.

Donor imposed restrictions for both funds require that principal be invested and that only income is available for the purposes of those funds.

3. PNC Bank:

The Foundation maintains three accounts with PNC Bank: The Investment Management Account (which currently includes nine funds, which have various donor imposed restriction), the Vera A. Lamey Scholarship Fund and the Walter H. Flinchbaugh Memorial Fund. During the year ended August 31, 2017, the Foundation closed the Walter H. Flinchbaugh Memorial Fund and transferred proceeds into the Investment Management Account. For the Vera A. Lamey Scholarship Fund donor imposed restrictions require the principal be invested and that only income is available for the purpose of the fund.

The cost and fair values of the cash and investments of the two accounts with PNC Bank as of August 31, 2017 are as follows:

NOTE C – AGENCY ENDOWMENT FUNDS

The Foundation enters into agreements with unrelated nonprofit agencies whereby the nonprofit agencies set up an endowment fund with the Foundation. Under the terms of the agreements, the Foundation agrees to make distributions back to the nonprofit agencies. The assets held in these funds totaled \$1,229,041 and \$1,009,759 at August 31, 2017 and 2016, respectively, and are reported at fair market value in the statement of assets, liabilities and net assets – modified cash basis as assets and a corresponding liability.

NOTE E - FAIR VALUE OF FINANCIAL INSTRUMENTS

The following methods and assumptions were used by the Foundation in estimating its fair value disclosures for financial instruments:

Investments: The fair value of these investments are based on quoted market prices for those or similar investments.

The Foundation measures fair value in accordance with Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures. The codification provides a three level hierarchy that prioritizes the inputs of the valuation techniques used to measure fair value. Inputs are defined as assumptions used by market participants while pricing the asset or liability, including assumptions about risks. The following is a summary of the three levels, with level one having the highest priority and level three having the lowest priority:

Level 1 – Inputs to the valuation technique generally are quoted prices in active markets for identical assets or liabilities. The Foundation has the ability to access these assets or liabilities at the measurement date.

Level 2 – Inputs to the valuation technique generally are available indirect information, such as quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3 – Inputs are unobservable and generally allow for situations in which there is little, if any, market activity. The inputs are based on the Foundation's own assumptions about the factors that market participants would use in pricing the asset or liability.

The following table presents the Foundation's fair value hierarchy for the financial assets measured at fair value on a recurring basis:

Fair Value Measurements at August 31, 2017

NOTE F – ENDOWMENT ASSETS

As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions, considering the laws of the state for endowment management. In Pennsylvania, those laws are found in 15 Pa C.S 5548.

Interpretation of Relevant Law

ASC 958-205 provides guidance on the net asset classifications of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). The ASC 958-205 also improves disclosure about an organization's endowment funds (both donor restricted endowment funds and board designated endowment funds) whether or not the organization is subject to UPMIFA.

The Commonwealth of Pennsylvania has not adopted UPMIFA. The Commonwealth of Pennsylvania has enacted Act 141 (the "Act"). The Act allows the Foundation to elect a "total return investment policy." Income is defined by the Act to mean a fixed percentage of the "value of the assets" held by the Foundation, not less than 2% or more than 7%. The "value of the assets" for the purposes of the Act, is the average fair market value of the assets over a three year period (or the average value of the assets over any shorter period in the cases of assets held less than three years). The Foundation has a total return investment policy with a spending policy of 3.75% of the three-year average of the funds. This spending policy determines the funds available for grant making and administrative expenses.

Investment Return Objectives, Risk Parameters and Strategies

The Foundation has adopted investment spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment funds while seeking to maintain the purchasing power of the endowment assets over the long-term and achieve investment returns sufficient to sustain the level of spending necessary to support ongoing operations. Under this policy, as approved by the Board of Trustees, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Endowment assets are invested in a diverse mix of asset classes which

produces the highest expected investment return within a prudent risk framework. The Foundation expects its endowment funds, over time, to provide an average real rate of return of approximately 5% annually. Actual returns in any given year may vary from this amount.

At August 31, 2017, the composition of the endowment fund was:

	<u>Unrestricted</u>	Temporarily <u>Restricted</u>	Permanently <u>Restricted</u>
Donor-restricted endowment Quasi-endowment	\$ - <u>5,498,729</u>	\$ - -	\$2,093,235
Total endowment	<u>\$5,498,729</u>	<u>\$ -</u>	<u>\$2,093,235</u>

At August 31, 2016, the composition of the endowment fund was:

	<u>Unrestricted</u>	Temporarily <u>Restricted</u>	Permanently <u>Restricted</u>

NOTE G – CASH SURENDER VALUE LIFE INSURANCE

The Foundation is the beneficiary of an insurance policy on the life of a certain supporter of the Foundation with face amounts totaling \$660,000 at August 31, 2017 and 2016. The cash surrender value of this policy amounted to approximately \$108,697 and \$106,085 at August 31, 2017 and 2016, respectively.

NOTE H – FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing various programs and activities have been summarized on a functional basis in the statements of support, revenues, expenses and changes in net assets – modified cash basis. Accordingly, certain costs have been allocated among programs and supporting services benefited for the years ended August 31, 2017 and 2016 as listed below:

		<u>2017</u>		<u>2016</u>	
Program services General management Fundraising	\$	905,997 251,615 28,443	•	\$763,267 192,678 <u>16,375</u>	78% 20% 02%
	\$ 1	1,186,055		<u>\$972,320</u>	

NOTE I – RELATED PARTIES

The Foundation awards discretionary grants to other organizations in the community. Some of the recipient organizations have Bridge Builders Community Foundations' Board of Trustees as either employees or board members. The Foundation has a conflict of interest policy in place.

Trenton Moulin is the Executive Director of Bridge Builders Community Foundations and is also the Treasurer of the Oil City Library, an organization that holds funds within the Foundation.

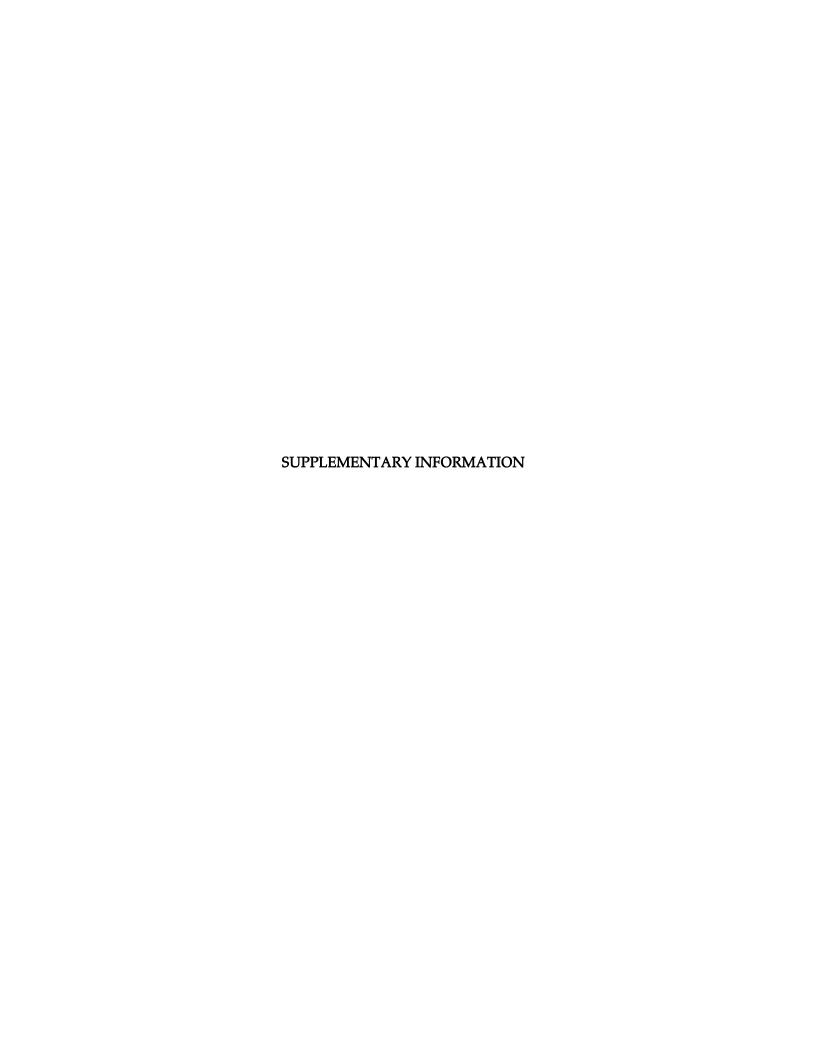

Mr. Moulin is also the Executive Director of the Oil City Civic Center, an organization that rents office space to the Foundation. Rent expense was \$2,400 for the years ended August 31, 2017 and 2016.

NOTE J - RECLASSIFICATION

Certain items in the financial statements for the year ended August 31, 2016 have been reclassified to conform with the current year presentation to properly reflect restrictions from donors. Such reclassification had no effect on total net assets.

NOTE K - CONTINGENCY/SUBSEQUENT EVENT

A lawsuit has been filed in the court of common pleas by a fund holder of the Foundation. As of the date of the audit, no determination has been made and the outcome is uncertain. As part of the lawsuit, the fund holder requests that the entire fund be relinquished to them. However, the Foundation intends to fully defend itself; and due to the uncertainty of the outcome no liability has been reported on the financial statements as a payable.
